Shrimant Madhavrao Ganpat alias Bhausaheb Patwardhan and Shrimant Hariharrao Vinayek alias Dajisaheb Patwardhan, Chiefs of Kurundwad Junior State, Chitpavan Brahmins by caste and aged 37 and 60 respectively, are first class Sardars of the Deccan. Shrimant Bhausaheb looks after the revenue affairs of his own share, while Shrimant Dajisaheb is entrusted with the General Administration of the State by the British Government. Snrimant Bhausaheb has one son named Shrimant Ganpatrao Bapusaheb. Shrimant Dajisaheb has five sons named Shrimant Vinayekrao Nanasaheb, Trimbakrao Abasaheb, Moreshwarrao Appasaheb, Nilkanthrao Dadasaheb, and Dhundirao Bhayasaheb. Shrimant Appasaheb has one son named Keshavrao Raosaheb. Shrimant Nanasaheb and Abasaheb sons of Shrimant Dajisaheb are in the Huzur Court. The former looks after the Mulki Daftar and the latter the Civil and Criminal Daftars. Shrimant Bhausaheb's wife is from the family of Parinchkar of Poona The deceased wife of Shrimant Dajisaheb was from the Jog family of Poona.

The Thread ceremony of Shrimant Ganpatrao Bapusaheb son of Shrimant Bhausaheb took place at Kurundwad on the 8 th of February, 1911. The Chiefs of Ramdurg, Miraj Junior, Ichalkranji and Kurundwad Senior, were present on the occasion.

6. Shrimant Bhausaheb visited Bombay and attended the Darbars of Kolhapur and Poona. Shrimant Dajisaheb had been on tour to both the Talukas of the State and had attended the said Darbars.

7. Appendix I gives the names of the Principal officials connected with the Administration of the State.

CHAPTER II.

Administration of Land.

8. All the State lands have been brought under the operations of the survey settlement in 1896. The new rates of assessment were declared in the same year excepting Dumala villages which were brought under the system in 1908. Acres 67 and Gunthas 5 of cultivable waste land was brought under cultivation and Acres 14 and Gunthas 5 were thrown out of cultivation during the year under report.

State Karbhari Kurundwad (Junior)

Kurundwad " Bhau Nana " Press.

No 246 of 1912.

State Karbhari's Office,

Kurundwad. 30th July 1912.

From,

The State karbhari,

Kurundwad Junior.

To,

The Assistant Political Agent,

S. M. Country.

Sir,

I have the honour to submit, by the directions of the Chiefs, the following Annual Administration Report of the Kurundwad Junior State for the year ending 31st March 1912.

2. Statements as per list are here-with submitted.

Chapter 1.

General and Political.

3. Shrimant Hariharrao Vinayak alias Dajisaheb Patwardhan Chief of Kurundwad Junior died suddenly at Kurundwad by heart failure on 27th August 1911. This sad event was communicated to Lt. Col. F. W. Wodehouse the then Political Agent Kolhapur and S. M. C. by Shrimant Bhausaheb Chief of Kurundwad Junior. Where-upon Mr. B. P. Pandit was asked to take the charge of the Administration pending instructions from Government. After sometime it was resolved by Government that Shrimant Madhavrao alias Bhausaheb son of the late Shrimant Bapusaheb who ruled over the state till his death in July 1899, be entrusted with the Administration of the state. He took charge of the State Administration on the 14th February 1912 and has been ruling over the State since then. Shrimant Nanasaheb's succession to his father Shrimant Dajisaheb's share of the State has also been recognized by Government and he is rendering valuable assistance to Shrimant Bhausaheb by giving his opinions in matters affecting his interest.

4. This year witnessed an event unprecidented in the annals of Native States. Their Most Gracious Majesties King George V, Emperor of India and Queen Mary, Empress of India, touched the most beautiful

134861

and sublime shores of Bombay on 2nd December 1911 and their first landing at Appalo Bunder, as British Sovereigns, was witnessed by a galaxy of ruling princes and Chiefs. Shrimant Bhausaheb as Chief of Kurundwad Junior had along with other Chiefs and Princes the unique privilege of welcoming and receiving Their Majesties, The Mighty Emperor and Empress of British India.

5. On the 12th December 1911 Their Majesties held a Royal Darbar at Delhi and the British Padashahi was for the first time proclaimed in the august presence of Their Imperial Majesties. This proclamation day was celebrated through-out the State with great rejoicings and was observed as a grand public holiday in the State. The most enthusiastic manner in which the ceremony was gone through showed how the event had thrilled the hearts of the Chief's subjects with joy and delight and had given them an occasion to prove their loyalty to the British Raj. Remission of sentences was granted to convicts according to sanctioned scale. The rich and the poor vied with each other in expressing their in-born loyalty to the British Throne. At Kurundwad, the head quarters of the Junior State, a Darbar was held in the new Office building of the State and the proclamation read out by the State Karbhari. Fervent and grateful prayers were offered to God for long life and prosperity to their benign Sovereigns. Not a village in the State was without its due expression of loyalty and the mingling of the Eastern and Western methods of expressing heart-felt feelings, was very happy. Recently, the Chiefs have been given Delhi Darbar Medals and they value the gift as a great honour.

6. The State consists of two Talukas (1) yellur adjoining the Shahapur Taluka of the Sangli State and Angol of the Kurundwad Senior State and (2) Maindergi adjoining the Akalkot State and two isolated villages Ghatanatte and Davankatta on the borders of the Athani Taluka of the Belgaum District. These latter villages are attached to the Junior State's Kurundwad jurisdiction. The area of the State is 114 square miles and its population is 34,084 according to the census of 1911. The gross revenue based on the average of past five years comes to Rs 1,73,669-0-2 excluding Inam adjustments so far as the accounts show.

7. The amount of tribute paid to the British Government by the Senior Branch of the Kurundwad State includes the amount of tribute due from this State.

8. The two Chiefs of Kurundwad junior Shrimant Madhavrao Ganapat alias Bhausaheb Patwardhan and Shrimant Vinayakrao Nanasaheb eldest son of the late lamented Shrimant Dajisaheb are both Chitpavan

Brahmins by caste aged 38 and 35 respectively and are First Class Sardars of the Deccan. Shrimant Bhausaheb is entrusted with the juris-diction and general Administration of the State, while Shrimant Nānasaheb looks after the revenue affairs of his own share. Shrimant Bhausaheb has one son named Shrimant Ganapatrao Bapusaheb, a very promising boy and Shrimant Nanasaheb has four brothers Shrimant Trimbakrao Abasaheb, Moreshwarrao Appasaheb, Nilkanthrao Dadasaheb and Dhundirao Bhayasaheb. Shrimant Appasaheb has one son named Keshavrao Raosaheb. Shrimant Soubhagyawati Sitabai-saheb, Shrimant Bhausaheb's wife, is from the Parinchkar's family of Poona; while Shrimant Nanasaheb's wife Shrimant Soubhagyawati Gangabaisaheb comes from the Lagu family of Haripur, Miraj Junior State.

The marriage of Shrimant Nilkanthrao Dadasaheb with the daughter of Shrimant Raosaheb Bivalkar, First Class Sardar of Alibag, took place at Vadagaon with great eclat in July last. The Chiefs of Ramadurg, Inchalkranji, Miraj Senior and Junior, Kurundwad Senior were present on the occasion.

The sad death of Shrimant Dajisaheb has caused most lamentable loss to the family and the subjects of the State.

9. Shrimant Bhausaheb visited Bombay, Poona and Kolhapur, and Shrimant Nanasaheb had been to Mahabaleshwar and Bombay. The late Shrimant Dajisaheb had visited Vadgaon Taluka at the time of his son's marriage and had attended the Darbar of Poona before his death.

10. During this year the Assistant Political Agent S. M. C. and the Resident Kolhapur and Political Agent. S. M. C. States visited Kurundwad in January and March respectively. The Assistant Political Agent S. M. C. had also visited Kurundwad next day after the demise of Shrimant Dajisaheb.

11. Appendix I gives the name of high officials in the State.

12. In April 1912 I was appointed State Karbhari and my appointment has been subsequently approved of by Government. The Chief has also secured the services of Mr. A. V. Khasnis B. A. L. L. B. for the Post of Huzur Chitnis.

Chapter II.

Administration of Land.

13. The State lands were surveyed and assessed by the British Survey Department in 1896. The new rates of assessment were declared in the same year excepting Dumala Villages which were brought under

the system in 1908 with the exception of one village "Sulge". An area of Acres 206 and Gunthas 12 of waste land was brought under cultivation and an area of Acres 7 and Gunthas 19 was thrown out of cultivation during the year under report.

14. Out of 16 boundary disputes (5 in yellur and 11 in Maindergi) 7 have been satisfactorily settled with the adjoining authorities of the States. Of the remaining 9 the two disputes between this State and Nizam's Dominions about the boundary of Banajgol, as settled by the Commission of Captain Yule, has caused great loss of a permanent character to the revenues of the State. Though for the purposes of this report they may be considered as settled, it is hoped that Government will one day be graciously pleased to see the necessity of redressing the grievance. The Bhosga and Hipperga boundary dispute is nearly settled. Leaving these two there remain only 7 which will soon be disposed of.

15. There were no important variations in the demand and collection of revenue for the year under report.

Chapter III.

Protection and Legislation.

16. Appendix II gives the laws in force in the State. The question of introducing fresh Legislation to suit the wants of the people is under consideration by the Chief.

Military.

17. There is no military force in the State.

Police.

18. The Police force consisted of one Police Inspector, two Chief Constables, 9 Head Constables, 55 Constables and 6 Swars. The Police Inspector and the Chief Constables are armed with pistols and swords and swars with swords and lances. Five rifles were supplied to the Police of each of the Talukas of Yellur and Maindergi in the year 1908-1909. Appendix IV shows particulars of the total strength, cost etc. of the police in the State. The total expenditure incurred for the maintenance of this force was Rs 7435-13-2.

19. No extra expenditure was incurred for engaging special Police on account of any unforseen cause.

20. The ratio of Police to population was 1 to 467 persons and that to area 1 to 1·5 square miles.

21. The number of village Police was 39 during the year under report. They assisted the District Police in detecting and preventing crime.

22. Appendix V and VI show that the work done by the Police was fair.

Criminal Justice.

23. The Criminal Courts that worked in the State during the year of report were as follows:—

1 Huzur Court.
1 District Magistrate's Court.
2 Second Class Magistrate's Courts.
2 Third Class Magistrate's Courts.

6

24. The number of offences reported was 138 against 121 of the preceding year. The number of persons brought to trial including the balance of 77 persons awaiting trial at the close of the last year, was 382 as against 337 of the previous year. Only 20 persons in 8 cases remained under trial at the end of the year.

25. Appendix IX shows the results of Criminal appeals. The number of appeals filed during the year was 5, in 2 of which the decisions passed by the lower Courts were modified, in 1 the appeal was rejected and 2 appeals remained undisposed at the end of the year. During the year under report there was no sessions Case.

26. There were 6 accidental deaths and 4 suicides during the year under report against none of the last year.

Civil Justice.

27. As in the last year there were three Civil Courts at work in the State. During the year of report 52 suits were filed in addition to the arrears of 31 suits of the previous year. Of these 83 suits 55 were disposed of leaving in arrears 28 suits at the close of the year. The average period for final disposal of suits in all Courts, was 2 months and 9 days against 3 months and 28 days of the preceding year. The value of suits for landed property, for money and for other rights, was Rs 19370-11-1, the number of suits respectively being 24, 27 and 1 against 25, 32, and 4 of the preceding year. Judicial work was much handicapped owing to the sudden death of Shrimant Dajisaheb, until Shrimant Bhausaheb's succession to the Gadi of the State.

28. In addition to 19 applications for executions of decrees pending disposal at the end of the last year, 43 against 55 of the previous year

were filed during the year of report. Of these 62 applications 45 were disposed of and 17 remained pending disposal at the end of the year.

29. During the year of report 3 appeals were filed in addition to 4 pending from the preceding year. Out of these 7 none was touched until Shrimant Bhausaheb took charge. They are all taken up on hand and are being disposed of with promptitude.

The Mamlatdars' Courts.

30. Under act III of 1876, 10 suits were filed in the Courts. Of these 8 were disposed of this year and 2 remained pending at the end of the year.

Extradition.

31. Only one prisoner was handed over to the Hyderabad State. This man had escaped from the Nizam's territory after committing an offence under section 302 I. P. C. The result of the case is not known. No person was demanded from foreign territory.

Jail.

32. There is one Jail at Kurundwad and two lockups-one at Vadgaon and the other at Maindergi. The number of prisoners in the Jail and lockups was 29 against 32 of the last year. The conduct and health of prisoners was satisfactory. The long-time prisoners in the Kurundwad Jail are taught to make some handicraft such as rough twine, gunny bags, stockings and socks. A few alone are at present able to turn out good stockings. The others are being taught. The Jail is too small to allow the prisoners to work in weaving.

Registration.

33. Appendices XIV and XV give particulars of registration. Out of 640 documents presented inclusive of 1 in the previous year 637 were registered against 736 of the preceding year, 1 against 2 were refused registration and 3 against 1 remained to be registered at the close of the year.

Municipal Administration.

34. Appendix XVI shows receipts and expenditure of the two Municipalities in the State. No important change was made in their Municipal Administration. There are only two Municipalities in the State one at Maindergi and the other at Dudhani in Maindergi Taluka. The large figures of receipts represent accumulated revenue, which is being disposed of on public roads, wells and other works of public utility.

Both these Municipal towns have unsufficient village sites and the houses are therefore crowded. In order to thin the population and to secure better sanitation the Chief has been pleased to extend the village site. The adjoining land is being allotted for building purposes in a systematic way on reasonably easy terms.

There were no made roads in these towns before the year under report. This year a good number of roads have been constructed, a new big well built and some wells repaired, lights provided for and new public latrins built and some trees on road side have been planted within Municipal limits.

Public Works.

35. Appendix XIX shows the amount spent on public works. A sum of Rs 1722-0-6 has been spent out of State Funds in constructing the unfinished building for office at Kurundwad and in repairing wind-mill, Ganapati temple at Akalkot, State's palace at Maindergi and rain gauge at Maindergi.

Out of Local Funds a sum of Rs 10393-0-2 was spent in constructing New school buildings and roads and in repairing schools, temples, tanks, chavarees and dharmshalas in both the Talukas.

Chapter IV.

Production and Distribution.

36. Appendix XVII shows the average rainfall in both the Talukas of the State. The average out-turn of crops in both the Talukas was below 50 percent.

37. The rates of wages have increased. Farmers and artisans had sufficient work. Appendix XVIII shows the rates of staple-food grains. The prices of food grains have risen abnormally high. This state of things did not affect the well-to-do and the poor. Because the former could afford to buy things how-so-ever dear and the latter earned handsome wages to enable them to meet the high prices. But it is the middle class whom the scarcity seemed to have affected.

38. There is only one forest at Hungirge in the Yellur Taluka. The source of income from this forest is firewood and Hirde.

39. There are weavers in both the Talukas. Those in Maindergi Taluka manufacture coarse cloth and those in Yellur Taluka fine clothes *viz.* Sadees, and Dhotars of silk borders. But this year's scarcity did not hamper their trade in any way.

40. The work of the tanning factory at Machhe in the Yellur Taluka is more flourishing than usual. The scarcity of fodder caused greater mortality among cattle than in past year and the factory got an abundant supply of hides at a cheaper rate than usual.

41. The number of Post offices remained the same as in the last year. The duties of the Branch Post office at Vadgaon and Maindergi are performed by the School Masters at those places. Dudhani Branch Post office has its own Post Master.

42. There is no mint in the State.

43. The Majority of State subjects consists of agriculturists. There are no trades or manufacture worth mentioning excepting those mentioned in paras 39 and 40. During the year rainfall was below the average of the last five years and some hardship was caused. Prices of food grains rose abnormally high. Want of fodder was much felt at the last stage of the year rain holding off unusually long even in Yellur Taluka. The rates of wages were also high. There was some slight increase in the birth rate and great fall in mortality as Appendix XXIV will show. Public health may be said to be generally good but for the out break of plague and small pox which carried off 130 souls. On the whole the condition of the people was fairly good.

44. Appendix XX shows particulars of agricultural stock.

Chapter V.

Revenue and Finance.

45. Appendix XXII shows receipts and expenditure of the State. The total of receipts is swollen on account of the private receipts included in the total being much larger than before on account of dowary, Sheri etc. and the receipts of rupees 39,086-6-3 by double entry. Thus the sum of rupees 2,11,842—4—5 is made up of cash receipts of Rs. 1,72,755-14-2 and rupees 39,086-6-3 on account of double entry. The total cash expenditure encluding Rs. 39,086-6-3 of double entry is 1,46,782-11-11 and is distributed according to the heads from A to H in Appendix XXII.

Chapter VI.

Vital statistics and Medical Relief.

46. The Charitable Dispensary at Maindergi was in charge of an unqualified Medical Practitioner Mr. N. K. Godbole. The number of patients treated was 7,349. The average daily attendance is 20·1 against 22·8 last year. The total expenditure incurred on account of Medical relief was Rs. 993-6-0 against Rs. 1,171-4-1 of the last year. The State has recently appointed on

a higher pay a qualified Sub-Assistant Surgeon Mr. R. S. Ghorpade for the Maindergi Dispensary and it is hoped that the Dispensary will show better results during his time.

47. The State Vaccinator vaccinated 1,036 Children, against 970 in the preceding year. The expense incurred on this head was Rs. 608 against Rs. 790—11—9 in the previous year.

48. There was plague in both the Talukas of the State. The total plague attacks and deaths in Yellur and Maindergi Taluka were 32, 30 and 109, 84 respectively. There was also small pox in Maindergi Taluka. The total attacks and deaths were 71, 16 respectively. The birth and death registers are kept by village officers and inspected by Police and Revenue officers.

Chapter VII.

Education.

49. Appendix XXV gives the number and description of schools in both the Talukas of the State. These schools were inspected by officials in Educational Department of the British Districts and the results were on the whole fair. The appointment of a State Educational Inspector is in contemplation. Education is given free. The cost of maintaining these schools was Rs. 3,050-4-9 against Rs. 4,020-3-5. The latter figure includes building expenses of schools built during that year.

Chapter VIII.

Miscellaneous.

50. There is only one insignificant library at Maindergi. The one at Vadgaon reported last year has ceased to exist.

51. There are some institutions under the supervision of the State as shown below:—

(1) The late Shrimant Trimbakrao Abasaheb kept apart a sum of Rs. 11,390 with directions that the interest thereon should be spent in the worship and Festival of Shri Raghavaji at Kurundwad. The interest was accordingly utilized.

(2) The late Trimbak Krishna Parchure, Mamalatdar of Vadgaon deposited a sum of Rs. 1,500 at 6 percent with instructions that the interest on the same be spent in feeding poor Brahmin Students for one month in the hot season. This year such students were fed.

(3) Deceased Bhima, the daughter of a Public woman named Amni deposited a sum of Rs. 3,000 at 4½ percent with a request that

the interest there on should be spent in feeding 12 Brahmins on the 12th day of every fortnight in the temple of Dattatrya at Kurundwad. Accordingly during the year under report the Brahmins were fed with sumptuous food.

52. There is a type press at Kurundwad for printing official work of the State. This is a State Press departmentally worked and it is to be regretted that the Senior State Karbhari should strangely think of asking for declaration for a State Press.

53. In Conclusion I am directed by the Chief's to express their heartfelt and cordial thanks to the Resident Kolhapur and Political Agent S. M. Country States and yourself for the sound advice tendered from time to time and kind treatment always accorded to them.

I have the honour to be,

SIR,

Your most obedient servant

D. B. Betigeri,

State Karbhari Kurundwad (Junior).

No. 201 of 1913.

State Karbhari's Office,

Kurundwad, 20th July 1913.

From,

The State Karbhari,

Kurundwad Junior

To,

The Assistant Political Agent,

S. M. Country.

Sir,

I have the honour, by the directions of the Chiefs, to submit the Annual Administration Report of the Kurundwad Junior State for the administrative year ending 31st March 1913 and the financial year ending 6th June 1913.

2. The Statements as per list are herewith submitted.

Chapter I.

General and Political.

3. On the 23rd of December last, the Delhi bomb outrage sent a thrill of horror and indignation throughout this as in all other Native States and the deep sympathy felt towards the representative of His Majesty the King Emperor was expressed by our Chief and his subjects without distinction of castes and creeds throughout the State. Later on the ladies and women in our State headed by Shrimant Soubhagyawati Sitabai Saheb convened meetings and passed Lady Hardinge Address. A considerable enthusiasm was displayed in collecting funds for it; and deep regret was also expressed for the departure of Lady Sydenham. On the occasion of His Excellency's attendance at the Delhi Council for the 1st time after the outrage, that day was kept up as a holiday and God's blessings were prayed for the Viceroy, whose providential escape and recovery was a source of joy and satisfaction to the Chief and his subjects.

4. Both the Chiefs had the honour of being present at the Appollo Bunder at the time of the arrival and departure of the incoming and outgoing Governors of Bombay and they fully appreciate the expression of friendly feelings towards the Chiefs of His Excellency Lord Willingdon, recently conveyed to them through you.

5. Shrimant Nanasaheb was for the first time awarded by the Agent for Sirdars in the Deccan the Poshak as First Class Sirdar when he attended

the Poona Darbar in July 1912. In January last Shrimant Bhausaheb with his family had gone to Pule in the Ratnagiri District on a visit to the family deity. Both the Chiefs had been to Bombay and Poona on some private business.

6. The State consists of two Talukas (1) Yellur adjoining the Shahapur Taluka of the Sangli State and Angol of the Kurundwad Senior State (2) Maindergi adjoining the Akalkote State and two isolated villages Ghatanhatti and Davankatta on the borders of the Athani Taluka of the Belgaum District. These latter villages are attached to the Junior State's Kurundwad jurisdiction. The area of the State is 114 square miles and its population is 34,084 according to the Census of 1911. The gross revenue based on the average of past five years comes to Rs. 1,75,837 - 5- 10 excluding Inam adjustments so far as the accounts show.

7. The amount of tribute paid to the British Government by the Senior Branch of the Kurundwad State includes the amount of tribute due from this State.

8. The two Chiefs of Kurundwad Junior Shrimant Madhavrao Ganpat *alias* Bhausaheb Patwardhan and Shrimant Vinayakrao Harihar *alias* Nanasaheb eldest son of the late Shrimant Dajisaheb are both Chitpavan Brahmins aged 39 and 36 respectively and are First Class Sirdars of the Deccan. Shrimant Bhausaheb is entrusted with the jurisdiction and general Administration of the State, while Shrimant Nanasaheb looks after the revenue affairs of his own share. Shrimant Bhausaheb has a son named Shrimant Ganpatrao Bapusaheb, a very promising boy and Shrimant Nanasaheb has four brothers Shrimant Trimbakrao Abasaheb, Moreshwarrao Appasaheb, Nilkanthrao Dadasaheb and Dhundirao Bhayasaheb. Shrimant Appasaheb has a son named Keshavrao Raosaheb. Shrimant Soubhagyavati Sitabaisaheb wife of Shrimant Bhausaheb is from the Parinchkar's family of Poona; while Shrimant Nanasaheb's wife Shrimant Soubhagyavati Gangabaisaheb comes from the Lagu family of Haripur in Miraj Junior State.

9. No marriage ceremoney or any other event of importance in connection with the household of the Chiefs has taken place during the administrative year under report.

10. During this year the Assistant Political Agent S. M. C. and Resident Kolhapur and Political Agent S. M. C. States visited Kurundwad in December and November respectively. The Assistant Political Agent S. M. C. had also visited Maindergi and Yellur Talukas in February and March respectively.

11. Appendix 1 gives the names of high officials in the State.

12. There are two Appellate Courts in the State:—the Huzur or Chief's Court as High Court and Sessions Court, the Karbhari's Court as that of the District Magistrate and Nyayadhish Court, newly invested with appellate powers as one of 1st Civil Appellate Court.

Chapter II.

Administration of Land.

13. The State lands were surveyed and assessed by the British Survey Department in 1896. The new rates of assessment were declared in the same year excepting Dumala villages which were brought under the system in 1908 with the exception of one village "Sulge". An area of Acres 49 and Gunthas 21 of waste land was brought under cultivation and an area of Acres 19 and Gunthas 15 was thrown out of cultivation during the year under report.

14. The seven boundary disputes (5 in Yellur and 2 in Maindergi Taluka) pending disposal at the end of the last year are not as yet finally settled. There arose a new boundary dispute in Yellur Taluka during the year under report. Correspondance is going on in connection with these disputes.

15. There were no important variations in the demand and collection of revenue for the year under report.

16. I visited the Yellur Taluka in the month of January and February and did inspection work revenue, civil and criminal. A large amount of village inspection was also done by me. A good number of heirship enquiries which had long been in arrears have been disposed of.

Chapter III.

Protection and Legislation.

17. Appendix II contains the Acts and Regulations that are in force in the State. The question of introducing fresh legislation to suit the wants of the people is still under consideration by the Chief. However the following Acts were introduced *mutatis mutandis* into the State during the year under report.

1. Bombay District Police Act VII of 1867 sections 33. 34.
2. Court of Wards Act I of 1905.
3. Regulation VIII of 1827.
4. Act VII of 1889.
5. New Criminal Procedure Code of 1908.

Military force.

18. No military force is maintained by the State.

Police.

19. The Police force of the State consists of one Police Inspector, two chief constables, 8 head constables, 55 constables and 6 swars. One

Special Police Officer was appointed during the year under report to detect the criminals in the dacoity which had taken place on 2nd March 1913 at Vadgaon. The dacoity has been traced and a property valued at Rs. 1200 found out. The case is still under investigation.

20. Five rifles were supplied to the Police of each of the Talukas of Yellur and Maindergi in the year 1908-1909. The Police Inspector and Chief Constables are armed with pistols and swords and swars with swords and lances. The total expenditure incurred for the maintenance of this force is Rs. 7861-5-3 as against Rs. 7435-13-2 of the past year. The increased expenditure during the year under report is due to the supply of dress to some constables.

21. The ratio of Police to population was 1 to 467 persons and that to area 1 to 1·5 miles.

22. The number of village police was 38 during the year under report. All of them render assistance to the District Police in the performance of their duties.

23. Appendix V and VI give the results of the work done by the Police. There is an increase of 35 in the number of crimes this year *viz.* 69 against 34 of the last year. The number of accused persons arrested was 41 out of whom 36 were sent up for trial. Of these 18 were convicted and 18 were discharged or acquitted. Property worth about Rs. 4855-3-6 was stolen this year out of which about Rs. 714-10-3 was recovered. Property of about Rs. 1200 has also been recovered in the case of dacoity, but the case is still under Police investigation, hence the amount has not been included in the amount of recovery.

Criminal Justice.

24. The criminal courts that worked in the State during the year of report were as follows:—

1. Huzur Court.
1. District Magistrate's Court.
2. Second Class Magistrate's Courts.
2. Third Class Magistrate's Courts.

6

25. The number of offences reported was 144 against 138 of the preceding year. The number of persons brought to trial including the balance of 20 persons awaiting trial at the close of the last year was 341 against 382 of the previous year. Only 29 persons in 10 cases remained under trial at the end of the year.

26, Appendix IX shows the result of criminal appeals. The number of appeals filed during the year was 13, in 2 of which further inquiry was ordered, in 1 conviction and sentence was confirmed, in 1 it was reversed, in 6 the appeals were rejected and 3 appeals with 3 persons remained undisposed of at the end of the year. During the year under report there was only one Sessions Case with 4 accused tried by the Chief in which 3 accused were convicted and 1 was acquitted.

27. There were 8 accidental deaths and suicides nil during the year under report against 6 and 4 respectively of the last year.

Civil Justice.

28. As in the last year there were three Civil Courts at work in the State. During the year of report 101 suits were filed in addition to the arrears of 28 suits of the previous year. Of these 129 suits, 90 were disposed of leaving in arrears 39 suits at the close of the year. The average period for final disposal of suits in all Courts was 5 months and 12 days against 2 months and 9 days of the preceding year. The value of suits disposed of during the year under report was Rs. 21,840-12-10. There were 36 suits regarding landed property, 63 for money and 2 for other rights filed during the year under report against 24, 27 and 1 respectivily of the preceding year.

29. Appendix XI shows the results of the work done in connection with the execution of decrees. There were 55 fresh applications during the year against 43 of the last year. Out of 72 applications on hand 52 were disposed of during the year and 20 remained pending.

30. Appendix XII gives the number and description of the Civil Appellate Courts at work as also the result of their working. The Huzur or Chief's Court exercises the powers of High Court. The Nyayadhish Court exercises the powers of the First Appellate Court.

31. During the year under report 8 appeals were filed in addition to 7 pending from the preceding year. Out of these 15, 6 were disposed of and 9 remained pending at the end of the year. In 3 appeals orders of the Lower Courts were confirmed, in 1 reversed, in 1 amended and in 1 further inquiry was ordered. The average duration of appeals was 5 months and 29 days.

The Mamlatdar's Courts.

32. Under Act III of 1876, 12 suits were filed in the Courts in addition to 2 pending disposal at the end of the last year. Of these 14 suits 13 were disposed of and 1 remained pending at the end of the year.

Extradition.

33. Extradition of one person accused of an offence under Section 376-511 I. P. C. was obtained from British Government. He was tried and acquitted. There was no extradition demand either from the British Government nor from other Native States during the year.

Jail.

34. There is one Jail at Kurundwad and two lock-ups,—one at Vadgaon and the other at Maindergi Taluka. The State Karbhari acts as the Superintendent of the Jail at Kurundwad and the lock-ups at Vadgaon and Maindergi are in charge of Mamlatdars.

35. The number of prisoners in the Jail and lock-ups was 41 against 29 of the last year. Of these 24 were released on the expiry of the term of imprisonment and 17 remained in the Jail at the end of the year. The total expenditure during the year was Rs. 1,671-13-7.

36. The average dietory charge per convict per month comes to Rs. 4-8-0 as against Rs. 5-8-0 during the last year.

37. There was no death in the Jail and the health of the prisoners was on the whole good.

38. There was no breach of Jail Regulations and the conduct of the prisoners was generally good.

39. The prisoners were mostly employed in the Chiefs' gardens. Long time prisoners are taught to make some handicraft, such as rough twine, gunny bags, Navars, stockings and socks. These articles were sold at Belgaum and here at good profit. A couple of prisoners were taught sewing and coats and caps and bodices required for male and female prisoners are got prepared by prisoners alone.

Registration.

40. Appendix XIV and XV give perticulars of registration. Out of 796 documents presented inclusive of 3 in the previous year, against 637 of the preceding year, were all timely registered, 1 against 1 was refused registration and none against 3 remained to be registered at the close of the year.

41. The receipt on account of registration of documents during the year was Rs. 1,361-6-0 against Rs. 957-10-0 of the preceding year. Deducting from this the expenditure of Rs. 320-7-7, there remained Rs. 1,040-14-5 a net profit to the State.

Municipal Administration.

42. Appendix XVI shows receipts and expenditure of the two Municipalities *viz* one at Dudhni and the other at Maindergi in the State. There was no change in the Municipal area during the year. However as stated in my last year's Annual Report, Dudhni is growing in commercial importance. The town being thickly populated, some of the adjoining cultivated lands are acquired for the extension of the town. They are divided into plots and are sold as building sites. The receipt shows a decrease of Rs. 2731-13-0 compared with last year. This is due to the fact that last year there was a large outstanding balance of past years which was vigorously collected. Most of the roads in towns commenced last year have

been completed this year. Guttars, dust-bins and latrines were completed. Sanitary measures too have not been negleted. Owing to the paucity of rain last year great scarcity of water was felt notably at Maindergi. All wells fell dry. Prompt measures were taken to clear and deepen the wells and thus wholesome water was supplied though the people had to fetch it from a distance.

Chapter IV.

Production and Distribution.

43. Appendix XVII shows the rainfall during the year under report and also the average rain-fall during the past five years. Yellur Taluka was singularly fortunate in having abnormally greater fall than the average of past 5 years. The fall in Maindergi Taluka was below the average. Consequently early crops failed but late crops fared well by timely showers in September, October and November which were seasonable and well distributed. The anna valuation in Maindergi Taluka may be said to be below 8 annas. Whereas the down pour in Yellur Taluka was heavy and seasonable and anabled the crops to yield a bumper harvest. The moisture in land was so deep and lasting that even the out-turn of legumes such as peas, masur and sorts of pulses, was splendid. The anna valuation in Yellur Taluka was 12 annas.

44. This year I ordered small quantities of seeds of Broach cotton and American Mix from Government—Agricultural Department and distributed them gratis among the well-to-do Rayats in Maindergi Taluka, to try them as an experiment. The result was encouraging and it is hoped that Rayats will take to them in earnest in future years.

Fodder supply.

45. The stock of fodder with the agriculturists in Yellur Taluka was enough and to spare. Owing to the scarcity of fodder elsewhere, large quantity was exported and even oldest stock was disposed of at profit.

Wages and labour.

46. There was no fall in daily wages of labour though the year was one of plenty especially in Yellur Taluka. The prices of food grains ruled high. Because owing to the facility of traffic exportation of food grains was constant. The high wages depend upon the high prices of food grains. There seems to be no hope of fall in either, in the near future.

47. There is only one forest at Hungirge in Yellur Taluka. The source of income from this forest is firewood and Hirda.

Trade and Manufacture.

48. There are weavers in both the Talukas. Those in Maindergi Taluka manufacture coarse cloth and those in Yellur Taluka fine clothes *viz.* Sadees and Dhotars of silk borders. Their condition may be said to be stationary.

49. The work of tanning factory at Machhe in Yellur Taluka continues to be flourishing. An oil engine grinding mill has been introduced in Maindergi during the year under report, which promises to work well. An oil engine machine is also newly introduced at Vadgaon which turnsout fountain-pen of brass. It is quite a new industry and is still in its infancy. However it bids fair to work with success provided it receives support from moneyed men.

Public works.

50. Appendix XIX shows the amount spent on Public Works. No original works were undertaken during the year but about Rs. 3,000 were spent in effecting many small useful repairs.

Post offices.

51. The number of Post offices remained the same as in the last year. The duties of the Branch Post offices at Vadgaon and Maindrgi are performed by the School Masters at those places. Dudhni Branch Post office has its own Post Master.

52. There is no mint in the state.

General condition of the State & People.

53. The State consists mostly of agriculturists and their condition may be said to be better than last year. The anna valuation of crops in Yellur Taluka was 12 annas while that in Maindergi Taluka was 8 annas. On an average the crops be said to be good in the State. This handsome out-turn coupled with high ruling prices of food grains not only enabled the Rayats to pay off the land revenue with ease and promptitude but to clear part of their old debts.

54. Appendix XX shows the particulars of the agricultural stock.

Chapter V.

Revenue and finance.

55. Appendix XXII shows receipts and expenditure of the State. The increased revenue under head D is due to the strict enforcement during the year under report of the provisions under Stamp and Court Fee Acts. Though these Acts had been in force for years back great laxity on the part of the Civil and Criminal Courts was observed and this was checked.

Chapter VI.

Vital Statistics and Medical relief.

56. The charitable Dispensary at Maindargi was in charge of a qualified Sub-Assistant Surgeon Mr. R. S. Ghorpade who is said to be popular. The number of patients treated was 10,736 against 7,349 of the last year. The average daily attendance is 29·4 against 20·1 of the last year. The

total expenditure incurred on account of Medical relief was Rs. 1,633-6-9 against Rs. 993-6-0 of the last year.

57. Appendix XXIV gives the vital statistics of the State during the year under report.

58. The large increase in percentage of death was due to the prevalence of Plague and Cholera.

General Health.

59. The general health was on the whole fair but for Plague and Cholera. The former carried off 228 souls. The latter is responsible for 283 deaths. Cholera first broke out in a village where there was a scarcity of water. A large quantity of permanganate of Potash was supplied to the villages and almost all the potable water-wells were thoroughly disinfected. The result was gratifying. Cholera was checked forthwith. The birth and death registers are kept up by Village Officers and inspected by Police and Revenue Officers.

Sanitation.

60. In Dudhni and Maindergi the work of sanitation is done by the Municipalities. In other places it is looked after by the Village and Taluka Officers.

Vaccination.

61. The work of vaccination was carried on by the State Vaccinator under the inspection of Vaccination Inspector of the State. The Department has the advantage of working under general superintendence of the Deputy Sanitary Commissioner, Belgaum.

62. The number of children vaccinated this year was 1,088 against 1,036 of the last year. The expense incurred on this head was Rs. 637-3-3 against 608 of the last year.

Chapter VII.

Instruction.

63. Appendix XXV gives the number and description of schools in both the Talukas of the State. These schools were inspected by the Deputy Educational Inspector of Belgaum District and the results were on the whole fair. Education is given free. One Assistant Master from the Maindergi School is sent up for being trained in the Training College for men, Poona at the State expense. The cost of maintaining these schools was Rs. 3,055-12-8 against Rs. 3,050-4-9 of the preceding year.

Chapter VIII.

Miscellaneous.

64. There is only one insignificant Library at Maindergi.

65. There are some institutions under the supervision of the State as shown below—

(1) The late Shrimant Trimbakrao Abasaheb kept apart a sum of Rs. 11,390 with directions that the interest thereon should be spent in the worship and festival of Shri Raghavaji at Kurundwad. The interest was accordingly utilized.

(2) The late Trimbak Krishna Parchure, Mamlatdar of Vadgaon deposited a sum of Rs. 1,500 at 6 percent with instructions that the interest on the sum be spent in feeding poor Brahmin students for one month in hot season. This year such students were fed.

(3) Deceased Bhima, the daughter of a Public woman named Amni deposited a sum of Rs. 3,000 at 4½ per cent with a request that the interest there on should be spent in feeding 12 Brahmins on the 12th day of every fortnight in the temple of Shri Dattatrya at Kurundwad. Accordingly during the year under report the Brahmins were fed with sumptuous food.

66. There is a Type Press at Kurundwad for printing official work of the State. No news papers or periodicals are printed and published in the State.

67. In conclusion I am directed by the Chiefs to express their sincere and cordial thanks to Lt. Colonel F. W. Wodehouse, C. I. E. Resident Kolhapur and Political Agent S. M. C. States and to yourself for the sound advice tendered from time to time in the Administration of the State.

I have the honour to be,

Sir,

STATE KARBHARI,

Kurundwad Junior State.

To,

Major E. O'Brien,

ASSISTANT POLITICAL AGENT,

S. M. Country.

State Karbhari's Office.

Kurundwad, 22nd July 1914.

Sir,

I have the honour by the directions of the Chiefs to submit the Annual Administration Report of the Kurundwad Junior State for the administrative year ending 31st March 1914 and the financial year ending 7th June 1914.

2. The Statements as per list are herewith submitted.

Chapter I.

General and Political.

3. The important event worth noticing during the year under report was the passage through our State of His Excellency Lord Hardinge, our most beloved and popular Viceroy in November last. I was specially deputed to make suitable arrangements. Splendid preparation was made. The whole Railway line extending over 8 miles within the State limits was well guarded and lighted on both sides during the passage of the Vice-regal Train while going to and returning from Hyderabad and Lt. Col. F. W. Wodehouse, C. I. E. Resident Kolhapur and Political Agent S. M. C. States was pleased to express his approbation of the action taken.

4. The state consists of two Talukas *viz.* (1) Yellur adjoining the Shahapur Taluka of the Sangli State and Angol of the Kurundwad Senior State (2) Maindargi adjoining the Akalkote State and two isolated villages Ghatanhatti and Davankatta on the borders of the Athani Taluka of the Belgaum District. These latter villages are attached to the Kurundwad Junior State's Jurisdiction. The area of the State is 114 square miles and its population is 34,084 as per General Census of 1911. The gross revenue based on the average of past five years comes to Rs. 1,76,645-10-11 excluding Inam adjustments.

5. The amount of tribute paid to government by the Senior Branch of the Kurundwad State includes the amount of tribute due from this State.

6. The two Chiefs of Kurundwad Junior Shrimant Madhavrao Ganpat *alias* Bhausaheb Patwardhan and Shrimant Vinayakrao Harihar *alias* Nanasaheb are both Chitpavan Brahmins aged 40 and 37 respectively and are First Class Sardars of the Deccan. Shrimant Bhausaheb is entrusted with the jurisdiction and general Administration of the State, while Shrimant Nanasaheb looks after the revenue affairs of his own share. Shrimant Bhausaheb has a son named Shrimant Ganpatrao Bapusaheb, a very promising boy and Shrimant Nanasaheb has four brothers Shrimant Trimbakrao Abasaheb, Moreshwarrao Appasaheb, Nilkantharao Dadasaheb, and Dhundirao Bhayàsaheb. Shrimant Appasaheb has a son named Keshavrao Raosaheb. Shrimant Soubhagyawati Sitabaisaheb wife of Shrimant Bhausaheb is from the Parinchkar's family of Poona; while Shrimant Nanasaheb's wife Shrimant Soubhagyawati Gangabaisaheb comes from the Lagu familiy of Haripur in Miraj Junior State.

7. The marriage of Shrimant Soubhagyawati Sakhutaisaheb, the daughter of Shrimant Abasaheb with 1st Class Sardar Shrimant Madhavrao Raste *alias* Rao Raje came off at Poona on the 15th June 1913 with great eclat. The Hon'ble Mr. Arthur Commissioner C. D. and the Chiefs of Jamkhandi, Miraj Senior and Junior, Faltan, Kurundwad Senior and Junior, the 1st Class Sardars Bivalkar and Menavlikar and other leading persons of Poona graced the ceremony with their presence.

8. Shrimant Bhausaheb had gone to Bombay and Poona to see His Excellency the Governor of Bombay and Shrimant Nanasaheb had gone to Poona to see His Excellency the Governor and his Councellors who paid return visits and to attend the Darbar. The latter also visited Yellur Taluka during the summer.

9. During this year the Resident Kolhapur and Political Agent S. M. C. States and the Assistant Political Agent S. M. Country visited Yellur Taluka in the month of February and March respectively. The Assistant Political Agent S. M. C. had also visited Kurundwad in December 1913 and inspected Central Jail.

10. I further beg to add that L. Robertson Esquire, Secretary to Government, Political Department visited Kurundwad in the month of April last. He inspected the Junior Central Jail and found it in good order. He paid visits to the Chiefs who had the pleasure of returning them.

11. Appendix I gives the names of high officials in the State.

12. Mr. L. G. Sahasrabudhe, Mamalatdar of Yellur having resigned his service Mr. S. B. Mehendale, Avalkarkun of Yellur Taluka, acted for him till Mr. G. G. Bivalkar, B. A. relieved him.

13. Mr. G. L. Suroshi having retired from service on 9th October 1913, Mr. V. V. Yellurkar was appointed to the post of Police Inspector.

14. Mr. R. K. Bhide, Mamalatdar and Munsiff of Maindargi Taluka, proceded on leave on 17th November 1913. But he failed to return to his duties and his services were conseqently dispensed with. Mr. K. K. Ghatnattikar, Avalkarkoon of Maindargi Taluka, acted as Mamlatdar and Munsiff for him.

Chapter II.

Administration of Land.

15. The State lands were surveyed and assessed by the British Survey Department in 1896. The new rates of assessment were declared in the same year excepting Dumala villages which were brought under the system in 1908 with the exception of one village "Sulge". An area of acres 24 and Gunthas 2 of waste land was brought under cultivation during the year under report. No land was thrown out of cultivation during the year.

16. No new boundary disputes arose nor were old ones settled during the year under report.

17. There were no important variations in the demand and collection of revenue for the year under report.

18. I visited Maindargi Taluka in the month of October and November and Yellur Taluka in February. Jamabandi was settled in both the Talukas before the end of the financial year. Annual inspection of the Taluka Offices was duly completed and a number of village accounts was also examined.

Chapter III.

Protection and Legislation.

19. Appendix II contains the Acts and Regulations that are in force in the State. The following Acts were newly introduced into the State during the year under report.

1. Criminal Tribes Act III of 1911.

2. Abkari Amendment Act V of 1905.

Military force.

20. No military force is maintained by the State. It however maintains a force of 6 Swars armed with lances and swords.

Police.

21. The strength of the Police force contianued as before *viz:*— One Police Inspector, two Sub-Inspectors, 2 Jamadars, 6 Naiks, 56 Constables, and 6 Swars. Though the number remained stationary considerable change was effected in the staff. Old and inefficient men were turned out. They were replaced by better men of fresh vigour and energy. There has been

a decided improvement in the recovery of stolen property. Some more property was also traced in the Vadgaon dacoity noticed in the last year's report. Efficiency is generally visible in the other branches of their work.

22. A scheme of improvement in the Police Department both in quality and quantity was set on foot with the result that an annual additional expenditure of Rs. 1,200 was sanctioned by the Chief. But as the improvement was not brought into force during the year under report detailed information will appear in the next year's report.

23. Five rifles (Breech loading No. 476 bore-long but 4 and short but 6) were supplied to the Police of each of the Talukas of Yellur and Maindargi in the year 1908–1909. The Police Inspector and Sub-Inspectors are armed with pistols and swords and Swars with swords and lances. The total expenditure incurred for the maintenance of this force is Rs. 6791–4–7 as against Rs. 7,861–5–3. The decrease is due to the reduction of the post of the Special Duty Officer and to the inclusion of the cost of dresses supplied to the Police in the last year's expenditure.

24. The ratio of police to population was 1 to 467 persons and that to area 1 to 1·5 miles.

25. Appendix IV gives the cost, discipline and education of the police during the year under report.

26. The number of village police remained the same as in the last year *viz.* 38. These are called Police Sanadees and are generally Vatandars. They work under village Police Patel whose duty is to look after village sanitation and to prevent and detect crime. Police Patels with the Shet Sanadees help the District Police in the performance of their duties.

27. Appendax V and VI compare the work of the police during the year under report with that of the previous year. There is a decrease of 7 in the number of crimes this year *viz:* 62 against 69 of the last year. The number of accused persons arrestd was 65 out of whom 61 were sent up for trial. Of these 23 were convicted and 18 were discharged or acquitted and the remaining 20 are awaiting trial. Property worth Rs. 942–7–0 was stolen this year ; of which property worth Rs. 393–1–0 was recovered. The percentage of recovery of stolen property rose from 14·7 to 41·7. This is a distinctly satisfactory improvement in the work of the Police.

28. There were one accidental death and 2 suicides during the year under report against 8 and nil respectively of the last year.

Criminal justice.

29. The criminal courts that worked in the State during the year of report were as follows:—

1. Huzur Court.

1. Assistant Sessions Judge's Court.

1. District Magistrate's Court.

2. Second Class Magistrate's Courts.

2. Third Class Magistrate's Courts.

7

30 The number of offences reported was 140 against 144 of the preceding year. The number of persons brought to trial including the balance of 29 persons awaiting trial at the close of last year was 377 against 341 of the previous year. Only 63 persons in 22 cases remained under trial at the end of the year.

Appellate Courts.

31. There are two Appellate Courts in the State:—The Huzur or Chief's Court as High Court and Sessions Court, the Karbhari's Court as that of District Magistrate, Nyayadhish Court and one of the First Civil Appellate Court.

32. Appendix IX shows the result of appeals heard by the Appellate Courts. The number of appeals filed during the year was 12. In one of them conviction and sentence were confirmed ; in one the order was modified ; in one the application was rejected and in 7 the decisions were reversed and 2 appeals with 7 persons remained undisposed of at the end of the year. The work of the Magistrates was found on the whole to be fairly satisfactory with the exception of that of Mr. Sahasrabudhe who is not in service.

33. There was only one Sessions Case tried by the Assistant Sessions Judge's Court. There was only one accused who was convicted.

Civil Justice.

34. Appendix X shows the Civil Courts of original jurisdiction and the work done by them. During the year of report 76 suits were filed in addition to the arrears of 39 suits of the previous year. Of these 115 suits, 76 were disposed of leaving in arrears 39 suits at the close of the year. The average period for final disposal of suits in all Courts was 6 months 29 days against 5 months 12 days of the preceding year. The delay is due to the frequent changes in the personnel of Subordinate Judges. Hitherto Mamlatdars were entrusted with the civil work. But a separate Munsiff has been appointed by the end of the year under report for Yellur Taluka as a tentative measure and it is hoped that the work will be disposed of more expeditiously hereafter.

35. The value of suits disposed of during the year was Rs. 11555-15-3. There were 25 suits regarding landed property, 43 for money and 8 for other rights filed during the year under report against 36, 63 & 2 respectively of the preceding year.

36. Appendix XI shows the result of the work done in connection with the execution of decrees. There were 52 fresh applications during the year against 55 of the last year. There were 72 applications on hand including 20 of the last year. Of these 46 were disposed of during the year and 26 remained pending.

37. Appendix XII gives the number and description of the Civil Appellate Courts at work as also the result of their working. The Huzur or Chief's Court exercises the powers of High Court. The Nyayadhish Court exercises the powers of the First Appellate Court.

38. During the year under report 14 appeals were filed in addition to 9 pending from the preceding year. Out of these 23, 16 were disposed of and 7 remained pending at the end of the year. In 10 appeals orders of Lower Court were confirmed, in 4 reversed, in 1 amended and one was compromised. The average duration of hearing was 6 months 7 days.

The Mamlatdar's Courts.

39. Under Act III of 1876, 8 suits were filed in the courts in addition to 1 pending disposal at the end of the last year. All these 9 suits on hand were disposed of during the year.

Extradition.

40. No person was received for trial in the State from British Government or from Native State. Only one person who was charged under Sec. 302 I. P. C. was extradited to Nizam's Government. The result of the case is not known. There was no extradition demand from Government during the year.

Jail.

41. There is one Jail. It is at Kurundwad. There are two Lock-ups, one at Vadgaon and the other at Maindargi. Kurundwad Junior Jail is a strong and convenient building. The State Karbhari acts as the Superintendent of the Jail at Kurundwad and the Lock-ups at Vadgaon and Maindargi are in charge of Mamlatdars

42. The number of prisoners was 32 against 41 of the last year. Of these 16 were released on the expiry of the term of imprisonment and 16 remained in the Jail at the end of the year. The total expenditure of the Jail was Rs. 916-1-3.

43. The average dietory charge per convict per month comes to Rs. 3-10-2 as against Rs. 4-8-0 during the last year. The decrease is due to the revision of the diet scale according to that obtaining in Sholapur and Belgaum Jails.

44. There was no death in the Jail and the health of the prisoners was on the whole good.

45. During the prevalence of cholera epidemic one prisoner was severely attacked but was soon recovered owing to the timely medical help.

46. There was no breach of Jail regulations and the conduct of the prisoners was generally satisfactory.

47. The prisoners were mostly employed in the Chiefs' gardens. Long time prisoners are taught to make some handi-craft, such as rough twine, gunny bags, Navars, stockings and socks.

Registration.

48. Appendix XIV and XV give particulars of registration. All documents 896 presented for registration were timely registered, none against 1 refused registration and none remained to be registered at the close of the year.

49. The receipt on account of registration of documents during the year was Rs. 1,550–14–9 against Rs. 1,361–6–0 of the preceding year. Deducting from this the expenditure of Rs. 287–8–4, there remained Rs. 1,263–6–5 a net profit to the State.

Municipal Administration.

50. Appendix XVI shows receipts and expenditure of the two Municipalities *viz.* one at Dudhni and the other at Maindargi in the State. There was no change in the Municipal area during the year. The total receipts during the year were Rs. 5939-4-1 and the opening balance was Rs. 5520-15-5. The expenditure incurred amounts to Rs. 4695-6-5 leaving a balance of Rs. 6764-13-1 at the end of the year.

51. The chief source of income is house tax. The chief items of expenditure are sanitation, lighting, road-repairs and water supply. The expenditure was incurred chiefly on the maintenance of town roads and water supply.

Chapter IV.

Production & Distribution.

52. Appendix XVII shows the rain-fall during the year under report and also the average rain-fall during the past five years. The rain-fall was below the average of past five years. In Yellur Taluka though the fall was below the average, it was seasonable and enabled the crops to yield a normal harvest. The moisture in the land being insufficient owing to want of rain in October and November the out-turn of legumes such as peas, masur was far below the average. The anna valuation in Yellur Taluka was 12 annas. In Maindargi Taluka early rain though apparently heavy was illdistributed and consequently the moisture was too insufficient to sow early crops but there was happily a sharp down-pour in September which enabled the Rabi sowing generally throughout the Taluka. The October rains though not heavy also helped the standing crops to a great

extent. But there being no rain in November and Westerly Wind not setting in early the crop suffered considerably. The out-turn of Rabi Jowary a staple crop in that Taluka may be said to be poor. It was estimated to be only annas 6 to 8. Wheat and cotton crop was poorer still.

Fodder and Water supply.

53. The Rabi Jowari crop in Maindargi Taluka being poor it yielded but a scanty supply of Kadbi, consequently the rate of Kadabi rose high. The concession of half rate Railway freight was freely granted by the Chief to bonafide cultivators. But the latter scarcely availed themselves of the benifit as they were by nature too loth to undertake a long journey to distant part where the supply was abundant. However by a sparing use of what little stock they had and was obtainable in the neighbouring Nizam's Territory they managed to tide over the scarcity. In Yellur Taluka the stock of fodder was enough and to spare.

54. Water supply being short in Maindargi Taluka some wells were deepened and cleared. By this the scarcity of water is minimised to a small extent in some villages. In Yellur Taluka water supply was fairly adequate.

Wages and Labour.

55. There was no reduction in wages or the prices of food-grains. The wages per diem of skilled and unskilled labour in the State were as follows :—

Carpenter	annas	12.
Mason	,,	10.
Cooly (Male)	,,	6.
Cooly (Female)	,,	4.
Cooly (Child)	,,	3.

Forest.

56. There is only one forest at Hungirge in Yellur Taluka. The source of income from this forest is fire-wood and Hirda.

Trade and Manufacture.

57. There are weavers in both the Talukas. Those in Maindargi Taluka manufacture coarse cloth and those in Yellur Taluka fine clothes such as Sadees and Dhotars of silk borders. Their condition may be said to be stationary.

58. Sugar, Salt, Colours, Kerosine, Timber, Cotton, Yarn, Cloth, Metals and other food-grains are the principal heads of imports; while food-grains, oil-seeds and oil-cakes are the chief articles of export.

58. The work of tanning factory at Machhe in Yellur Taluka continues to be flourishing as in the last year. An oil engine machine which turns out fountain pen of brass also worked well. In Maindargi Taluka an oil engine grinding Mill is also flourishing.

Excise Revenue.

59. Appendix XXI will show the number of excise shops and excise revenue of the State. The excise revenue of the State is from country spirit, toddy and hemp-drugs. The Abkari Bab has been given in lease to the British Government for Rs. 7,000 per annum. Ganja Bab is also leased for Rs. 467 per annum. In matter of Abkari Administration cordial assistance is given by the State Revenue and Police Officers to the British Abkari Officers with a view to suppress illicit manufacture and sale.

Public Works.

60. Appendix XIX shows the amount spent on Public Works. The work of Vadgaon-Yellur Road was undertaken during the year under report. This year about Rs. 1500 were spent in effecting many small but useful repairs.

Post Offices.

61. The number of Post Offices remained the same as in the last year. The duties of the branch Post Offices at Vadgaon and Maindargi are performed by the school masters at those places. Dudhni branch Post Office has its own Post Master and is turned into Sub-Office.

62. There is no Mint in the State.

General Condition of the State & People.

63. The bulk of population in the State is of agriculturists. The rain-fall in Yellur Taluka though below the average was seasonable and well distributed and yielded a normal out-turn of paddy crops. Owing to the scarcity of fodder elsewhere there was a rush of grass purchasers and the cultivators of this Taluka disposed of old and unserviceable stock at a high price. They were thus immensely benefited. The supply of water was abundant. Such was not the case in Maindargi Taluka. There the early crops totally failed and the late crops yielded a poor out-turn. The scarcity of fodder too was felt. This coupled with the paucity of water-supply heightened the difficulty of the agriculturists. However the high ruling prices of food grains enabled them to pay off the land revenue demand without demur and no coercive measures had to be resorted to. The rate of skilled and unskilled labourers ruled high and the condition of labourers may be said to be better than the agriculturists this year.

64. Appendix XX shows the particulars of the agricultural stock.

Chapter V.

65. Appendix XXII shows receipts and expenditure of the State.

Chapter VI.

Vital Statistics and Medical relief.

66. The charitable Dispensary at Maindargi was in charge of a qualified Sub-Assistant Surgeon Mr. R. S. Ghorpade. The number of patients treated was 18,314 against 10,736 of the last year. The average attendance was 50·1 against 29·4 of the last year. This is indeed satisfactory. The institution is growing more popular under the present energitic doctor. The total expenditure incurred on account of medical relief was Rs. 1,572 12-10 against Rs. 1633-6-9 of the last year.

67. Appendix XXIV gives the vital statistics of the State during the year under report. There is an increase in birth and decrease in death over last year. The Registration of vital statistics is found to be defective. Steps are being taken to improve it.

General Health.

68. As in last year both Cholera and Plague prevailed in the State but not in a verulent form. Inoculation was resorted to and disinfection of drinking water was immediately ordered as in last year. The result was that Cholera was checked and Plague did not spread. Only 30 deaths are due to Cholera and 150 to Plague. Harvest in Yellur Taluka was much better than in Maindargi Taluka. The general health was on the whole may be said to be good.

Sanitation.

69. In Dudhni and Maindargi the work of Sanitation is done by the Municipalities. In other places it is looked after by the village and Taluka Officers.

Vaccination.

70. The work of vaccination was carried on by the State Vaccinator under the inspection of Vaccination Inspector of the State. The Department has the advantage of working under general supervision of the Deputy Sanitary Commissioner, Belgaum. The number of children vaccinated this year was 1213 against 1088 of the last year. The expense incurred on this head was Rs. 650-8-3 against Rs. 637-3-3 of the last year.

Chapter VII.

Instruction.

71. Appendix XXV gives the number and description of schools in both the Talukas of the State. These schools were inspected by Government Deputy Educational Inspectors of Belgaum and Sholapur Districts

and the results were on the whole fair. ' Education is given free. One assistant master from Maindargi school is sent up for being trained in the Training College for Men, Poona, at the State expense. He completed his first year's course. The cost of maintaining these schools was Rs. 3,051-13-4 against Rs. 3,055-12-8 of the preceding year.

Chapter VIII.

Miscellaneous.

72. There is only one insignificant Library at Maindargi.

73. There are some institutions under the supervision of the State as shown below :—

(1) The late Shrimant Trimbakrao Abasaheb kept apart a sum of Rs. 11,390 with directions that the interest thereon should be spent in the worship and festival of Shri Raghavaji at Kurundwad. The interest was accordingly utilized.

(2) The late Trimbak Krishna Parchure, Mamlatdar of Vadgaon deposited a sum of Rs. 1,500 at 6 per cent with instructions that the interest on the sum be spent in feeding poor Brahmin students for one month in hot season. This year such students were fed.

(3) Deceased Bhima, the daughter of a public woman named Amni deposited a sum of Rs. 3,000 at 4½ percent with a request that the interest thereon should be spent in feeding 12 Brahmins on the 12th day of every fortnight in the temple of Shri Dattatraya at Kurundwad. Accordingly during the year the Brahmins were fed with sumptuous food.

74. There is a Press at Kurundwad for printing official work of the State. No newspapers or periodicals are printed in the State. As this Press is a State Press and is worked under immediate supervision of the State Karbhari no declaration need be filed in the Senior State.

75. In conclusion I am directed by the Chiefs to express their sincere and cordial thanks to Lt. Colonel F. W. Wodehouse, C. I. E. Resident Kolhapur and Political Agent S. M. C. States and to yourself for the sound advice tendered from time to time in the Administration of the State.

I have the honour to be,

* Decrease is due to the inclusion in the last year's account of charges on account of dresses supplied to police & to the larger number of prisoners discharged this year.

§ Decrease is due to the larger amount of expense incurred on account of marriage last year.

† Decrease is due to the cheapness of fodder and reduction in the number of horses for private use.

‡ Increase is due to the payment of arrears on account of Abkari to Dumaldars.

‖ Increase is due to the advance of sums for the purchase of articles for marriage, the accounts of the same remain unadjusted during the year.

× The decrease in the closing balance is due to the larger expenditure than the receipts this year.

STATE KARBHARI,

Kurundwad Junior State.

To,

Major E. O'Brien,

ASSISTANT POLITICAL AGENT,

S. M. Country.

State Karbhari's Office.

Kurundwad 22nd July 1915.

Sir,

I have the honour by the directions of the Chiefs to submit the Annual Administration Report of the Kurundwad Junior State for the administrative year ending 31st march 1915 and the financial year ending 7th June 1915.

2. The Statements as per list are herewith submitted.

Chapter I.

General & Political.

3. On the unfortunate breaking out of war in Europe, England involved in it at great risk to maintain the liberty of other European powers and their cause being just and righteous is sure to attain success in the long run. It is no doubt a natural calamity. However it afforded a good opportunity to whole of India and to the Indian Princes and Chiefs to show the sense of their loyalty and devotion to the British throne. Meherban Bhausaheb readily volunteered his personal service in war and he was thanked by Government for his loyal and devoted offer of assistance (vide Resident's letter No. 3444 dated 21st August 1914). He and Meherban Nanasaheb contributed out of their private funds a sum of Rs. 1000 for relief fund. The State subjects too came forward to contribute. Their voluntary contribution amounted to Rs. 2102 which was remitted to Relief Fund through Resident Kolhapur and Political Agent S. M. C. States. Rani Sitabai Saheb wife of Meherban Bhausaheb also contributed to the Relief Fund of the woman Branch and was thanked by Her Excellency Lady Willingdon. In short British victory is universally prayed for throughout the whole of India.

4. The State consists of two Talukas *viz.* (1) Yellur adjoining the Shahapur Taluka of the Sangli State and Angol of the Kurundwad

Senior State, (2) Maindargi adjoining the Akalkot State and two isolated villages Ghatanhatti and Davankatta on the borders of Athni Taluka of the Belgam District. These latter villages are attached to the Kurundwad Junior State's Jurisdiction. The area of the State is 114 square miles and its population is 34084 as per general census of 1911. The gross revenue based on the average of past five years comes to Rs. 187425-14-8 excluding Inam adjustments.

5. The amount of tribute paid to Government by the Senior Branch of Kurundwad State includes the amount of tribute due from this State.

6. The two Chiefs of Kurundwad Junior Shrimant Madhavrao Ganpat alias Bhausaheb Patwardhan and Shrimant Vinayakrao Harihar alias Nanasaheb are both Chitpawan Brahmins aged 41, 38 respectively and are 1st Class Sirdars of the Deccan. Shrimant Bhausaheb is entrusted with the jurisdiction and general Administration of the State, while Shrimant Nanasaheb looks after the revenue affairs of his own share. Shrimant Bhausaheb has a son named Shrimant Ganpatrao Bapusaheb. Shrimant Bapusaheb is studying in Matric Class in Sangli High School. Shrimant Nanasaheb has four brothers-Shrimant Trimbakrao Abasaheb, Moreshwarrao Appasaheb, Nilkanthrao Dadasaheb and Dhundirao Bhayasaheb. Shrimant Appasaheb has a son named Keshavrao Raosaheb. Shrimant Dadasaheb was blessed with a son who was named after his grand-father Hariharrao Dajisaheb. Shrimant Soubhagyavati Sitabaisaheb wife of Shrimant Bhausaheb is from the Parinchkar's family of Poona; while Shrimant Nanasaheb's wife Shrimant Soubhagyawati Gangabaisaheb comes from the Lagu family of Haripur in Miraj Junior State.

7. The notable events in the Chief's household which took place during the year under report are as follows:—

Shrimant Dhundirao Bhayasaheb was married with Anpurnabaisaheb the daughter of Dr. Jagannathrao Karve of Mysore State, on 13th May 1914 and the thread Ceremony of Shrimant Keshavrao Raosaheb, son of Shrimant Appasaheb, came off on 30th April 1914. The Chiefs of Jath, Jamkhandi, Miraj Senior, Kurundwad Senior and the First class Sirdar Ainapur had graced the ceremonies.

8. Shrimant Bhausaheb and Nanasaheb had gone to Ramdurg to attend the ceremony when Shrimant Ramraosaheb Chief of Ramdurg was invested with powers. Shrimant Bhausaheb had gone to Haridwar and Bombay and Shrimant Nanasaheb had gone for Darbar to Poona and Bombay and stayed at Vadgaon during summer and inspected villages of his share.

9. During this year the Resident Kolhapur and Political Agent S. M. C. States and Assistant Political Agent S. M. Country visited Yellur Taluka in the month of January & March respectively. Resident Kolhapur & Political Agent S. M. C. States also visited Kurundwad and inspected the Junior Central Jail.

10. Appendix I gives the name of high officials in the State.

Chapter II.

Administration of Land.

11. The State land were surveyed and assessed by the British Survey Department in 1896. The new rates of assessment were declared in the same year excepting Dumala villages which were brought under the system in 1908 with the exception of one village "Sulge". An area of acres 24 gunthas 2 of waste land was brought under cultivation during the year.

12. There are 8 boundary disputes to be settled between this State and other Native States but none was disposed of during the year under report.

13. The revenue demand on all heads amounted to Rs. 189864-4-11 against Rs. 180129-0-3 of the last year while the total collection including the arrears of past years amounted to Rs. 185341-7-5 against 174524-6-1. No coersive measures had to be resorted to except the issue of a few notices.

14. I visited Yellur in December & March and Maindargi Taluka in February and settled Jamabandi in both the Talukas before the end of the financial year. Annual inspection of the Taluka Offices was duly completed and a number of village accounts were also examined.

Chapter III.

Protection & Legislation.

15. Appendix II contains the acts and regulation that are in force in the State. The following acts were newly introduced into the State during the year under report.

1. Limitation Act IX of 1908.
2. Amended Vatan Act III of 1910.
3. District Police Act IV of 1890.
4. Indian Ordinance I of 1914.

Military force.

16. No military force is maintained by the State. It however maintains a force of 6 Swars armed with lances & swords.

Police.

17. The strength of the Police was 70. There are 4 grades among the head Constables whose salary varies from 8½ to 12 Rs. per month. The Constables have been divided into 4 grades. The 1st grade Constable gets Rs. 8, 2nd grade Rs. 7½, 3rd Rs. 7 and the 4th Rs. 6½ per month. This revision of grades with the increment in pay seems to have infused new life in the force. The services of efficient and compitent men have been secured.

18. The force comprises as follows:— one Police Inspector, two Sub-Inspectors, three Jamadars, two Havaldars, two Naiks, sixty Constables and six Swars.

19. The foot-police distributed as follows:—

1	Jail and Lock-ups	22
2	Detection of crimes ...	39
3	Employed in courts ...	3
4	Employed as orderlies ...	3
		67

20. Of these constables 10 were armed with rifles (Breech loading No. 476 bore long but 4 and short but 6) and the rest with battons only. The Police Inspector and Sub-Inspectors are armed with pistols and swords and Swars with swords and lances. The total expenditure incurred for the maintenance of this force is Rs. 7654-15-9 as against 6791-4-7.

21. The ratio of Police to population was 1 to 467 persons and that to area 1 to 1·5 miles.

22. Particulars of strength, cost, education &c. of the police in the State are given in Appendix IV.

23. The number of village police remained the same as in the last year *viz* 38. These are called police Sanadees and are generally vatandars. They work under village police Patil whose duty is to look after village sanitation and to prevent and detect crime. Police Patils and Shet-Sandees help the District Police in the performance of their duties.

24. Appendix V and VI compare the work of the Police during the year under report with that of the previous year. The number of accused persons arrested was 68 of whom 65 and 21 of the last year together with 2 accused sent direct by the Abkari Inspector were sent up for trial. Of these 32 were convicted and 26 discharged and 10 are awaiting trial. The percentage of convicted to those arrested is 47·5 against 35·3. Property worth Rs. 1934-5-3 was stolen this year; of which property worth Rs. 986-5-3w as recovered. The percentage of recovery of stolen property rose from 41·7 to 50·9. This discloses a decided improvement in the work of the police and reflects credit on the Department.

25. There were one accidental death and 7 suicides during the year under report against 1 and 2 respectively of the last year.

Criminal Justice.

26. The criminal Courts at work in the State in the year under report were as follows:—

1 Huzur Court.

1 Assistant Sessions Judge's Court.

1 District Magistrate's Court.

2 Second Class Magistrate's Courts.

2 Third Class Magistrate's Courts.

7

27. The number of offences reported was 127 against 140 of the preceding year. The number of persons brought to trial including the balance of 63 persons awaiting trial at the close of the last year was 370 against 377 of the previous year. Of these 25 were committed to the Court of Sessions, 61 were convicted, 122 were discharged, 112 acquitted, and 50 persons in 17 cases were awaiting trial at the close of the year. The number of acquittals includes a large number of cases compounded.

Courts of Sessions.

28. Of these there are two. The Huzur Court and the Assistant Sessions Judge's Court. The Huzur Court had before it in the year under report one case with 2 accused persons. The case remained undisposed of in the year under report.

29. There were 3 cases with 23 persons tried by the Assistant Sessions Judge's Court. Of these 18 were convicted and 5 acquitted.

Appellate Courts.

30. There are two appellate courts in the State:— The Huzur or Chief's Court as High Court and Sessions Court, the Karbhari's Court as that of District Magistrate, Nyayadhish Court and one of the First Civil Appellate Court.

31. Appendix IX shows the result of appeals heard by the appellate courts. The number of appeals filed including 2 remaining undisposed of during the last year was 8. Of these 6 were confirmed, 1 was reversed and 1 remanded for further inquiry. This shows that the work of the original Magistrate's Court is satisfactory.

Extradition.

32. Four offenders were extradited to this State by British Government. One offender was extradited by this State to British Government and one to the Kurundwad Senior State.

Civil Justice.

33. Appendix X shows the Civil Courts of original Jurisdiction and the work done by them. During the year of report 79 suits were filed in addition to the arrears of 39 suits of the previous year. Of these 118 suits, 81 were disposed of leaving in arrears 37 suits at the close of the year. The average period for final disposal of suits in all Courts was 4 months 24 days against 6 months 29 days of the preceding year.

34. The value of suits disposed of during the year was Rs. 9783-13-8. There were 17 suits regarding landed property, 59 for money and 3 for other rights, filed during the year under report against 25, 43, 8 respectively of the preceding year.

35. Appendix XI shows the result of the work done in connection with the execution of decrees. There were 43 fresh applications during the year against 52 of the last year. There were 69 applications on hand including 26 of the last year. Of these 50 were disposed of during the year and 19 remained pending.

36. Appendix XII gives the number and description of the Civil Appellate Courts at work as also the result of their working. The Huzur or Chief's Court exercises the powers of High Court. The Nyayadhish Court exercises the powers of the 1st Appellate Court.

37. During the year under report 29 appeals were filed in addition to 7 pending from the preceding year. Out of these 25 were disposed of and 11 remained pending at the end of the year. In 10 appeals decisions of the Lower Courts was confirmed, in 6 reversed, in 7 remanded for trial and 2 compromised. The average duration of hearing was 4 months 22 days.

Mamlatdar's Courts.

38. Under Act III of 1876, 8 suits were filed in the courts as against the same number during the last year. All suits were disposed of during the year.

Jail.

39. There is one Central Jail at Kurundwad in charge of the State Karbhari as the Jail Superintendent. There are two lock-ups one at Vadgaon and the other at Maindargi. The jail building at Kurundwad is sufficiently strong, spacious and airy. It contains a spacious cook-room and 12 cells. The lock-ups at Vadgaon and Maindargi are in charge of Mamlatdars.

40. The number of prisoners was 56 against 32 of the last year. Of these 34 were released on the expiry of the term of their sentence and 22 remained in the jail at the end of the year. Of the released convicts two life convicts who were old and imbecile were released as a special case on the happy occasion of the birth of the son of Shrimant Nilkanthrao Dadasaheb. The total expenditure of the Jail was Rs. 884-0-5.

41. One prisoner was transferred to Yeravada Jail to undergo his sentence of imprisonment there at State expense under the advice of the Resident Kolhapur and Political Agent S. M. C. States.

42. All the prisoners were forthwith inoculated with plague scrum when Kurundwad was badly affected with plague, and it is gratifying to

note that the experiment proved very successful as none of the prisoners succumbed to the dreadful epedemic.

43. The average dietory charge per convict per month comes to Rs. 3-10-2.

44. There was no death in Jail and the health of the prisoners was on the whole good.

45. Discipline was well maintained in the Jail and the general behaviour of the inmates was satisfactory.

46. The prisoners were mostly employed in the Chiefs' gardens. Some of the long time prisoners are taught to make some handi-craft such as stockings and socks, rough twine, gunny bags, Navars. Of these some were sold at profit and 30 dozens of socks and stockings were sent through the Resident Kolhapur aud Political Agent S. M. C. States for distribution ámong fighting men in war. It is hardly necessary to point out this humble donation though insignificant in itself shows the zeal of the Chiefs in rendering all possible assistance at this crises.

Registration.

47. Appendix XIV and XV give particulars of registration. All documents 882 presented for registration were timely registered and none remained to be registered at the close of the year.

48. The receipt on account of registration during the year was Rs. 1528-2-3 against 1550-14-9 of the preceding year. Deducting from this the expeuditnre of Rs. 354, there remained Rs. 1174-2-3 a net profitto the State.

Municipal Administration.

49. Appendix XVI shows receipts and expenditure of the two Municipalities *viz* one at Dudhni and the other at Maindargi in the State. There was no change in Municipal area during the year. The total receipts during the year were Rs. 4715-6-6 and the opening balance was Rs. 6764 -13-1. The expenditure incurred amounts to Rs. 3890-13-0 leaving a balance of Rs. 7589-6-7 at the end of the year. This will be utilized in future for big projects under contemplation.

50. The Chief source of income is house-tax. The chief items of expenditure are sanitation, lighting, road repairs, and water supply. The expenditure was incurred chiefly on the maintenance of the town roads and water supply.

51. Dudhni is a small trading place which bids fair to rise in commercial importance ere long. Dispensary was a long-felt desideratum but the people are apathetic and too lothe to render any help. However the Chief has now decided to sanction the opening of a small dispensary here as a tentative measure.

Production and distribution.

52. Appendix XVII shows the rain-fall during the year under report and also the average rain-fall during the past five years. In Yellur Taluka the rain-fall was greater than the average by 42-72 inches. The monsoon began as usual in June and held out good prospects. The fall in July & August was extremely heavy and damaged the paddy crops in Yellur Taluka to a great extent. In some places the young seedlings were washed away and paddy had to be resown which being out of season yielded a poor out-turn. A strange characteristic feature of the monsoon is that not a single month from June to February passed away more or less without rain-fall which instead of doing good caused considerable harm to the cultivators. A number of Thals (earthen embankments) were washed away by the force of water and put the cultivators to extra expenditure for their repairs. Thus the first expectation of bumper harvest was frustrated. However the outturn of paddy crop in Yellur Taluka was 10 annas and while that of Jawari crop in Maindargi Taluka was 8 annas and 10 annas in the case of Rabi Jawari. Cotton and wheat crop yielded only 8 annas. The season on the whole may be said to be fairly good.

Fodder & Water supply.

53. Fodder supply was quite sufficient in both the Talukas during the year under report. The rain-fall having been abnormally heavy, water-supply was abundant even in Maindargi Taluka which suffered a good deal for scarcity last year. The tanks and wells which fell quite dry last year, hold water this year to last even for the next year.

Wages and labour.

54. There was no reduction in wages. The wages per diem of skilled and unskilled labour in the State were as follows:—

Carpenter	Annas	12.
Mason	"	10.
Cooly (Male)	"	6.
Cooly (Female)	"	4.
Cooly (Child)	"	3.

Forest.

55. There is only one forest at Hungirge in Yellur Taluka. The source of income from this forest is fire-wood and Hirda and grass for grazing.

Trade and Manufacture.

56. There are weavers in both the Talukas. Those in Maindargi Taluka manufacture coarse cloth and those in Yellur Taluka fine clothes such as Sadees and Dhotars of silk borders. Their condition may be said to be stationary.

57. Sugar, salt, colours, kerosine, timber, cotton yarn, cloth

metals and other food grains are the principle articles of imports; while food grains, oil-seeds and oil cakes are the chief articles of export.

58. The work of tanning factory at Machhe in Yellur Taluka continues to be flourishing as in last year. An oil engine machine which turns out fountain pen of brass also continues to do very well. In Maindargi Taluka an oil engine grinding mill is working well.

Excise Revenue.

59. Appendix XXI will show the number of excise shops and excise revenue of the State. The excise revenue of the State is from country spirit toddy and hemp-drugs. The Abkari Bab has been given in lease to the British Government for Rs. 17600 per annum but Government sanction has not been received as yet. Ganja Bab is also leased for Rs. 437 per annum. In the matter Abkari Administration cordial assistance is given by the State Revenue and Police Authorities to the British Abkari Officers with a view to suppressing illicit manufacture and sale.

Public Works.

60. Appendix XIX shows the amount spent on Public works. The work of Vadgaon Yellur Road is continued as in last year. This year again a sum of Rs. 800 were spent on the work and about Rs. 1287 were expended on other roads, schools, chavdees and temples.

Post Offices.

61. The number of Post offices remained the same as in the last year. The duties of branch post offices at Vadgaon and Maindargi are performed by the school masters at those places. Dudhni Sub-office has its own post master.

62. There is no mint in the State.

General condition of the State and People.

63. The population of the State consists generally of agriculturists. The rain-fall though abnormally heavy failed to meet the first expectation of bumper harvest. However the outturn of crop in both the Talukas was from 8 to 10 annas. The high ruling prices of food grains enabled the agriculturists to pay off the revenue demand with ease. The garden crops which had entirely failed last year yielded a good outturn during the year under report. The conditon of the people on the whole may be said to be good.

64. Appendix XX shows the perticulars of the agricultural stock.

Chapter V.

65. Appendix XXII shows receipts and expenditure of the State.

Chapter VI.

Vital statistics and Medical relief.

66. The charitable dispensary at Maindargi was in the charge of Sub-Assistant Surgeon Mr. R. S. Ghorpade. The number of patients treated was 27559 against 18314 of the last year. The average attendance was 75·5 against 50·1 of the last year. This is indeed satisfactory. The institution is growing more popular under the present energetic doctor. A number of instruments required for the Dispensary have been supplied this year. The total expenditure incurred on account of medical relief was Rs. 2101-3-6 against 1572-12-10 of the last year.

67. Appendix XXIV gives the vital statistics of the State during the year under report. There is a decrease in birth and death over last year.

68. The registers of vital statistics are more regularly written up in past year owing to vigilent inspection of revenue and police officers.

General health.

69. But for plague in Yellur Taluka the general health of the people may be said to be good Plague which continued in Yellur Taluka for 3 months carried off 93 souls out of 132 attacked. Innoculation was freely resorted to which seems to have checked the speed of the epidemic.

Sanitation.

70. In Dudhni and Maindargi the work of sanitation is done by the municipalities. In other places it is looked after by the village and Taluka officers.

Vaccination.

71. The work of vaccination was carried on by the State vaccinator under the inspection of the Vaccination Inspector of the State. The Department has the advantage of working under general supervision of the Deputy Sanitary Commissioner, Belgaum. The number of children vaccinated this year was 1205 against 1213 of the last year. The expense incurred on this head was Rs. 586-5-0 against 650-8-3 of the last year.

Chapter VII.

Instruction.

72. Appendix XXV gives the number and description of schools in both the Talukas of the State. These schools were inspected by Government Deputy Educational Inspectors of Belgaum and Sholapur Districts and the results were on the whole fair. Education is given free. One assistant master from Maindargi school is sent up for being trained in the Training College for Men, Poona at the State expense. He has passed the examination of the second year's course and he is now in third year's course.

73. In Maindargi school a Matric has been entertained as a school master and an English class has been lately ordered to be opened.

Chapter VIII.

Miscellaneous.

74. There is only one insignificant Library at Maindargi.

75. There are some institutions under the supervision of the State as shown below:—

(1) The late Shrimant Trimbakrao Abasaheb kept apart a sum of Rs. 11390 with directions that the interest thereon should be spent in the worship and festival of Shri Raghavji at Kurundwad. The interest was accordingly utilized.

(2) The late Trimbak Krishna Parchure, Mamlatdar of Vadgaon deposited a sum of Rs. 1500 at 6 percent with instructions that the interest on the sum be spent in feeding poor Brahmin students for one month in hot season. This year such students were fed.

(3) Deceased Bhima, the daughter of a public woman named Amni deposited a sum of Rs. 3000/- at 4½ percent with a request that the interest thereon should be spent in feeding 12 Brahmins on the 12th day of every fortnight in the temple of Shri Dattatraya at Kurundwad. Accordingly during the year the Brahmins were fed with sumptuous food.

76. There is a press at Kurundwad for printing official work of the State. No newspapers or periodicals are printed in the State. The Press is working under the immediate supervision of the State Karbhari.

77. In conclusion I am directed by the Chiefs to express their sincere and cordial thanks to Lt. Colonel F. W. Wodehouse, C. I. E., Resident Kolhapur and Political Agent S. M. C. States and to yourself for the sound advice tendered from time to time in the Administration of the State and for the kind treatment received at the hands of the Agency.

I have the honour to be,

Sir,

Your most obedient servant
